## TREASURE JESTS

BY MASTER CARVER PETER CALVESBERT  
FIXED EDITION OF 400

Peter was recently invited to his children's school to talk about and demonstrate his work. His son Sam calmed his nerves by telling him that the last dad who visited was sweating so much that he had to keep mopping his face with a handkerchief. Thankfully Peter's visit went well! The children most enjoyed playing with "Perfect 10", the 2005 Royal Watch Redemption Piece with ten creatures that circle the perimeter, allowing for 100 different combinations. That was where the idea for another combination box came from. While "Sweet Sixteen" isn't as large as its predecessor and has four instead of ten animals, it can still produce 64 different animal combinations from the elephant, turtle, snake and kangaroo. Have fun! Open the lid to find a simple inscription in commemoration of the Calvesbert family's wonderful old Border Collie, Murphy, whom they lost on the 3rd of February (3.2.10).
